★★★★★

Exceedingly well-managed buyer representation from start to finish. Working with Dave and Paseo Property Group is why you pay for buyer representation—we truly felt like we had a competitive advantage over other homebuyers

Natalie and Sam W.

★★★★★

The game theory of real estate transactions is really complex. We always felt Dave was on our side. He explained the price formation process in real estate markets as a complex game and expertly positioned us to win the house. That's what it takes today to win a good home in a tough market.
